City Dads Advance Gas Hike

Option Open
To Reject
In 30 Days

Cameron city fathers passed the first reading of an ordinance granting a 9.92 percent rate increase for Lone Star Gas, with the understanding that they may reject a second and final reading in 30 days.

Grady Allen, LSG manager, appeared before the council Tuesday evening to renew the company's request first made in November, 1976.

Gene Lumpkin presided as mayor pro-tem in the absence of Mayor Lawrence Zott, and council went quickly through a short agenda then went into executive session for discussion of acquisition of property.

The question came up about what was being done in the plan to annex more land to the city limits and City Atty. Ed Magre said he would comment on this only in an executive session.

In regular business council authorized a committee to check specs on two bids for a tractor-backhoe for the water department and authorized purchase of the best machine.

Water Supt. Alvin Heft was granted permission to spend \$4,500 to place a water main under the Santa Fe railroad tracks. He said cost was more than first anticipated.

St. Supt. Walter Wallace said he needs an ice machine, as his department spends about \$1,200 a season for ice. The city will advertise for bids on a machine.

Fire Chief Felix Matula reported that an emergency warning system is being planned with the cooperation of the radio station. In the event of emergency, Matula said, an emergency broadcast will be given over KMLL when the fire siren sounds at night.

Police Chief Kent Butler was authorized to purchase kits for unlocking cars for placement in firetrucks, patrol cars, and ambulances. The kits are \$7 each and will unlock any American-made car from 1965 on, he said.

Council also voted to renew fire insurance for city buildings at increased values; heard that the fire department insurance is adequate; discussed lowering speed zones for highways coming into the city; and heard the second reading of a street repair ordinance.

Police Report Two Arrests

Cameron Police Chief Kent Butler reports that Pat Glass of Cameron was charged Tuesday morning with unauthorized use of a motor vehicle and bond was set at \$2,500.

He also reported that a charge of aggravated assault with a deadly weapon was filed against Kenneth Pinchback of Cameron after he shot at Jeff Heimann with a .357 magnum pistol. The incident took place at 500 W. 12. Bond for Pinchback was set at \$1,500.

Jaycees Propose To Open Chapter Here

The possibility of organizing a Jaycee chapter in Cameron will be aired at an open meeting scheduled by the Rockdale Jaycees for Thursday, March 17 (tonight) at the VFW Hall in Cameron at 8 p.m.

According to the Rockdale Jaycees the meeting was set at the request of many young men who have expressed an interest in forming a Jaycee unit here.

At the briefing meeting, Rockdale Jaycees and state officers will explain various phases of their own operation, community and membership benefits resulting from Jaycee operations, and Jaycee membership requirements. A question and answer period will close the session.

The Jaycees is an organization whose membership is open to all young men between the ages of 18 and 36. Associate memberships are available for those over 36.

Purpose of the world-wide organization is the improvement of the

communities in which the chapters are located and personal development of its members, both objectives being accomplished through a variety of project activities.

Jaycee chapters are located in 6,400 communities in the United States and have a total membership of over 350,000. Internationally, Jaycee chapters exist in over 81 countries.

Trustees OK Contract

Buckholts school trustees voted to extend Supt. Jimmy Hauk's contract for one year and rehired school personnel at a meeting Monday night.

Hauk reported that of the \$73,322 tax roll, a total of \$67,495 has been collected. He also reported the school's average daily attendance for the first two quarters was 120.

Trustees also adopted textbooks recommended by a book committee.

HYDROPONIC GARDEN - Sixth graders at OJT are going to have fresh tomatoes any day now, grown without soil in the classroom. Teacher Marilee Thweatt is showing students that it doesn't take a big garden to grow these 'Jolly Red Giants.'

One plant is now 9 1/2 feet tall and has eight tomatoes and the kids say they can actually see it grow. The secret is a special powder of chemicals and nutrients which are mixed with water and poured over rocks and vermiculite.

School Trustees Hire Teachers

Cameron school trustees rehired teachers, approved textbooks, and appointed a board of equalization for the tax office in a regular session Monday night.

All principals were on hand for review of teachers' contracts, which were discussed in executive session at the end of the agenda.

Board voted to accept recommendations of a textbook committee for texts to be used in the next school year.

The same board of equalization was appointed to serve another year and includes Albert Epperson, Irwin Stoker and Jo Ann Pagach.

Positions on the school ballot for the April 2 election were drawn in this order: Betsy Brown, Mrs. Ed Magre, and Calvin Cobb.

Supt. Buddy Dulin in his report

said the school's five-year plan has been approved by the Texas Education Agency; the roof on the junior high school has been repaired; and recommended that the April board meeting be held on the 18th because of the Easter holidays.

Brown suggested that Dulin write a letter from the board to the state committee drawing up a school bill recommending that the local boards not have control over teachers' salaries. Board agreed to the move.

Brown also noted that the City of Austin, which went on a computer system, spent over \$80,000 in overtime pay for employees to control errors. The Cameron board voted at its last meeting not to use the computer the City of Cameron will be using for tax notices.

Forrest Sapp reported that he had

heard many good comments on the new science department over the gym during the science fair.

Teachers whose contracts were approved include:

BEN MILAM - Jeannie Dancer, Anita Hauk, Joretta Howard, Janet Knight, Gay Marburger, Terrie Brannan, Laura Pimpler, Diane Webster, Martha Whalen, Audrey Witte and DeLane Yager.

ADA HENDERSON - Mary Arthur, Ima Batte, Patsy Calcote, Mary F. Camp, Dorothy Dietrich, Glenda Dusek, David Johnson, Carol Miller, Patsy Miller, Peggy Nelson, Willyne Stanislaw, Diana Stipp, Jesse White Jr., Ella Lee Wilkerson, Susan Wilson and Nadine Zelisko.

O. J. THOMAS - Gary Beach, Viola Biggs, Carolyn Chandler, Seth Dockery, Betty Duderstadt, LaNell Dusek, Patsy Edmonds, Helen Huffman, James Petty, Jack Ruzicka, Harold Schkade, Sherrell Slavik, Janice Swope, Marilee Thweatt, Judy Todd, Jeff Webster, Roger Williams and Roy Knight.

YOE HIGH - Jerry Bartley, Anita Bartley, Barbara Burke, Mary Jean Edmonds, Max Graham, Rae Green, Paul Hoelscher, Alice Hughes, Fred Johns, Emma McDermott, Patsy Nance, Amy Page, Kenneth Poole, Linda Poole.

Also, Linda Puckett, Susan Rosson, Pat Short, Herbert Sims, Ada Margaret Smith, Linda Stout, Willie J. Thomas, Cornelius Tittsworth, Jean Tumlinson, Phil Van Cleave, Edward Whitley, Vernon Wilfert, Clara Williams and Bill Coggin.

New County System Working Out 'Bugs'

County Judge O. B. Harden told county commissioners Monday morning that some difficulty in the new bookkeeping system the county adopted is being experienced, but problems are being ironed out.

Harden said Ray Harris of Harris, Havens & Co., the auditors who set up the system, will return April 12 for another check on progress and a report.

The judge said mistakes would probably be made in the first several months, but that could be expected. He said Harris had expressed "disappointment" in the work done in the county auditor's office and told John Andres that Harris seemed to think he needed an "earlier start."

Harden said Harris told him Milam was the first county operating under the new rules and setup outlined by state and federal governments, and could receive statewide recognition. Harden said he told Harris he would rather have a working system.

Commissioners voted to authorize Harden to have a postage meter company representative meet with them and give an estimate of the cost of using a meter. This was another recommendation made by Harris.

In other business, court voted to approve Pct. 3 Commissioner Gerald Vinton's paying \$2,000 from revenue sharing funds to the Rockdale Volunteer Ambulance Service. Thursday's agenda will include similar action for Walter Stolte, for Thorndale.

Commissioners approved a resolution from the Central Texas Council of Governments supporting the Emergency Medical Services System for Central Texas. A covering letter

from CTCOG reported that a grant of \$212,000 for the program is being asked.

Harden reported that the roof on the museum tower is leaking and asked Stolte to contact Howard Buchanan, who made roof repairs, for more work on the tower.

A letter was read from Bill Vogelpohl, chairman of Rockdale's county fair organization, expressing appreciation to the county for its support and participation.

No action was taken on an offer from Nelson Tree Service to inject pecan trees on the courthouse lawn with insecticide at \$5 per injection. The service also offered to control courthouse pigeons at an initial charge of \$550 and \$150 a year.

County holidays were adopted and include New Year's Day, Good Friday afternoon, Memorial Day, July 4, Labor Day, Veterans Day, Thanksgiving and Christmas.

Judge Harden said Justice of the Peace Leonard Allen of Rockdale is asking for a secretary and money for postage and he was asked to be present for the regular court meeting on Thursday.

Other business included reports from county officials presented by Andres.

ital emphasis be placed?

ANSWER: It is anticipated that the "HIRE" program will provide job and training opportunities for about 50,000 to 60,000 veterans. The program will concentrate first on disabled Vietnam-era veterans, then reach out for all Vietnam-era veterans and finally to other disadvantaged groups.

QUESTION: How many persons do you expect to hire to staff the "outreach" offices?

ANSWER: It is estimated that 2,500 disabled Vietnam-era veterans would be hired to staff the outreach offices and to help identify other disabled veterans needing job training and placement services.

QUESTION: When you think of war veterans, you tend to think of men. What about women?

ANSWER: President Carter's directives provide for men and women. Special efforts will be made to place women Vietnam-era veterans in private sector and public service jobs under the new three-point program announced by the President and Labor Secretary.

QUESTION: How much will the program cost?

ANSWER: A total of \$1.3 billion has been earmarked for this program.

QUESTION: Fine. Suppose I am a Vietnam-era veteran or I know of one who is interested and would want to participate in the program, but who needs more information. Where do I or this person go from here?

ANSWER: There are 10 regional Department of Labor offices located in major cities across the country. You can contact them or the Department of Labor office in your city and receive information.

Absentee Voting Opens For City, School Elections

Absentee voting for city and school elections set for April 2 opened this week and will continue through March 29.

Those wishing to vote absentee in the school election should do so at the superintendent's office at Ben Milam School. Candidates for two places on the school board include Betsy Brown, Mrs. Ed Magre and Calvin Cobb.

Candidates for the city election include Dale Smith and Odessa Poole for Place 4 and Tommy Corley unopposed for Place 3. Councilwoman Jan Luecke is also unopposed.

Absentee ballots for the city election may be cast at City Hall.

News Briefs

Collision Injures Two

A near head-on collision in Rockdale Monday sent both drivers for treatment of injuries. Cars driven by Barbara Zwadzke and Nina Tuma collided as one car attempted a left turn. Zwadzke was admitted to Richards Hospital and Tuma was treated at Richards Clinic.

Pot Charges Filed

Robert Earl Williams and Jackie Henderson, both of Cameron, were charged with misdemeanor marijuana possession Sunday by Cameron police. The two were arrested after their car was stopped for a speeding violation on West Batte. Both were released on bond.

Police Report Vandalism

Cameron police are investigating an incident of vandalism at O. J. Thomas Junior High School Friday night. The student garden, located inside the school yard fence, was destroyed by the vandals. Police have turned over several suspects' names to school authorities.

Firemen Answer Calls

Cameron volunteer firemen answered calls to a grassfire at 4:15 p.m. Saturday at Damon's Body Shop; a grassfire west of Buckholts at 2 a.m. Monday; and three calls Friday -- one to a car on fire on North Jackson, a grassfire at the Marlow road bridge, and a grassfire at Chriesman.

118 continues in a second question-and-answer format a discussion concerning President Carter's pardon of Vietnam deserters and employment proposals for Vietnam-era veterans who are an inordinately higher percentage of current unemployed.

First part in The Herald's NOW of March 14 by the Q-A format developed the Carter Administration's position on the pardon. Those questions and those answers likewise were provided by the Media Liaison Office, The White House.

Here follows a discussion of the Carter proposal to deal with the special problem of unemployment among Vietnam veterans, found to be 8.6 per cent among males 20 to 34 and 18 per cent among those 20 to 24 (12.5 per cent of non-veterans of the same age).

The President proposes to create up to 200,000 jobs three ways:

ONE-- Implementing a program called HIRE, including major corporations.

TWO-- Asking Congress to approve an additional 290,000 public service jobs funded by the Comprehensive Employment Training Act in 1977, and 125,000 more in 1978.

THREE-- Calling for a job development program for disabled Vietnam-era veterans and creation of "outreach" units in 100 major cities.

There is no guarantee Congress will enact all, most or much of this. White House rationale follows:

QUESTION: What would the disabled employees do in the outreach units?

ANSWERS: These veterans will concentrate on locating other disabled veterans who are in need of assistance and will bring them into the mainstream of the labor market, helping them to find opportunities for programs and services that they are entitled to. This would include special consideration for public service jobs.

QUESTION: What relationship would the outreach units have with the private sector?

ANSWER: The most important job of the staff of these units will be the responsibility for developing private-sector jobs for disabled veterans. They would make use of the Job Bank and other resources of the employment security program.

QUESTION: What other things can be done?

ANSWER: Several things. For example, President Carter has directed that the present authority under the Vietnam-era Veterans Readjustment Assistance Act of 1971 be applied to the fullest extent possible. This would especially apply under the affirmative action provisions of the law which call for the hiring of veterans by firms with federal contracts. President Carter intends to strengthen the administration of this provision.

QUESTION: What can other agencies do?

ANSWER: Cooperation is a key to the program. President Carter has asked Labor Secretary Ray Marshall to encourage federal agencies to act as training sites or work experience resources for veterans and to pledge that a certain percentage of new federal hirings be allocated for veterans. Also, veterans organization membership on CETA Prime Sponsor manpower planning councils is being encouraged. Work also is being done to include services to veterans in the design of special manpower programs such as Title IX of the Older Americans Act.

QUESTION: Isn't there a recently established federal position to deal directly with this kind of program?

ANSWER: Yes, Congress established the position of Deputy Assistant Secretary of Labor for Veteran's Affairs and President Carter has announced a nominee.

QUESTION: The President is asking America's large corporations to join him in making the new program called "HIRE" a success. Is there provision made so that these corporations will receive some financial assistance from the federal government?

ANSWER: Yes. Over \$100 million is available under this program to reimburse cooperating companies for providing job and training opportunities in the private sector.

QUESTION: How many job opportunities are being sought through the HIRE program? Where will the in-

'Secret To Happiness'...

This Administration is making efforts to reach what is often identified as the "Regional Press," those newspapers beyond Washington and New York, or those newspapers beyond major metro areas like Chicago, Philadelphia, Los Angeles or Houston.

The current question - answer columns on Page 1, Herald of two current issues, are examples.

It used to be called "grassroots" journalism. But names, like numbers, change. Small towns and cities change. States as big as Texas make enormous changes.

It is up to this regional press to do what a national press without national circulation is unable to do. The only national press is The Wall Street Journal, Christian Science Monitor, the monthly Reader's Digest and a number of news and women's - home magazines, usually weeklies.

In England, Japan, several European countries, a national press is possible because of smaller size. Newspapers make money in England, for example, on millions of circulation with tightly edited editions of limited numbers of pages.

The "Regional Press" can be daily or non-daily, depending on the acumen of its editors and inclinations to comment in such a way -- usually relating national and international events to local -- to avoid charges which used to be called "Afghanism."

The world is much smaller now, thanks to computers, television and Mach 2 jets, not to mention the Apollo moonshot series.

4 Wheels, 1,000 Miles...

Good-bye, ol' Paint, old stationwagon, 83,000 miles older than 2 years ago.

Where have you gone? To those quiet by-ways and streets away from the Fourth Estate?

Where have you been? To Corpus and El Paso and Tyler and Lufkin and Dallas and Houston and San Antonio and Fort Worth and Waco and Austin and Temple and towns between?

We hear of "taxation with our representation!" But "leadership by the seat of one's pants?" Driving and

driving and talking and talking?

Can that be what turns the trick? Or turns the presses more than on?

We hope so, ol' Paint, old stationwagon, old expendable tinker toy, four wheels and almost a thousand miles a week.

You are replaced, but the driving and talking go on. For some, it's news to listen. But for the seat of the pants, it's pure glisten.

And for your replacement, a new set of tires.

Enough hot dogs are produced in the U.S. every year to reach the moon and back 2 1/2 times.

Dateline Austin

Insurance Board Scales Down Hike

State Insurance Board staff members scaled down an industry request for a 6.6 per cent hike in building coverage to 1.7 per cent.

Industry spokesman called the recommendation to the board a "joke."

The staff recommendation for homeowners coverage, purchased by most Texans who are paying for homes, was a 6.6 per cent increase. In this category, the industry wanted eight per cent more.

"The real world tells you that you at least have to keep pace with inflation and other trends," said Tom B. Lee, general manager of the Texas Insurance Advisory Association.

Lee claimed insurance will be harder to get if rates are not raised sufficiently because companies couldn't sell coverage at a loss.

Board statisticians recommended a 1.1 per cent average fire insurance reduction for all lines, but a 1.4 per cent increase for fire insurance on homes. The industry wants 2.5 per cent more overall, with a 5.6 per cent increase for residences.

Rates vary by territory. The board staff proposed 5.4 per cent more in the Seacoast territory, 9.3 per cent in the Central Inland territory and 2.4 per cent in the North-Northwest.

Staff members proposed an average statewide reduction of 5.2 per cent in extended coverage, providing coverage for storm and exposure damage. The industry asked 6.6 per cent.

White Named

Veteran Texas Agriculture Commissioner John C. White accepted appointment as deputy U.S. Secretary of Agriculture, subject to Senate confirmation.

White will not resign until he is finally cleared to take over his new post. Among those who hope to succeed him are his own deputy, Bill Pieratt of Giddings, State Rep. Pete Laney of Hale Center and State Rep. Joe Hubenak of Rosenberg. Gov. Dolph Briscoe will name a successor when White vacates.

Now 52, White has been in office 26 years. He won his state job in 1950 at age 25, defeating J. E. McDonald who had been commissioner 20 years.

Issue Stalled

Efforts to find a compromise to the medical malpractice insurance logjam so far have been fruitless.

A Senate bill under intensive committee study for more than a month has been sent to the attorney general for an opinion on its constitutionality.

Texas Trial Lawyers Association wanted the detour. Texas Medical Association, which is pushing for the bill, did not.

Lawyers claim doctors cannot limit their liability for damages (as proposed in the bill) while other groups enjoy no such protection.

School Finance Studied

The Senate Education Committee held hearings on five public school finance bills, including

teacher pay raises, then referred them all to a subcommittee.

A compromise bill is expected to be reported about mid-April, according to Chairman Sen. Oscar Maury of Dallas. Prospects for final passage are regarded as excellent, experts on the issued maintain.

Courts Speak

The State Supreme Court upheld lower court findings that a state law prohibiting pharmacies from advertising prescription drug prices is unconstitutional.

The Court of Criminal Appeals reversed a Farmer County murder conviction because testimony of a new witness seemed to bear out the defendant's story that he did not kill his former wife.

The same court upheld the five-year sentence of a Dallas policeman for shooting a handcuffed 12-year-old.

The Supreme Court backed an Alabama Court order placing Galveston businessman Shearn Moody Jr.'s Empire Life Insurance Company of America in receivership.

A five-year sentence of a Dallas man for aggravated robbery was reversed by

the Court of Criminal Appeals even though the court thought his testimony indicated guilt.

Transfer of general revenue funds to the Department of Public Welfare

Commodity Distribution Fund was not authorized. But such a transfer may be made pursuant to requirements of the retirement system where transferred funds are used to pay state contributions to social security, retirement and insurance for employees paid from the general fund.

Department of Health Resources has no general rule-making power. Whether a rule is valid under specific statutory authorization depends on each particular case presented.

Fraud Bill Passed

The Senate passed two bills making it a felony knowingly to obtain more than \$200 in welfare or medical assistance funds.

The bills, passed overwhelmingly, now go to the House for consideration.

Short Snorts

Legislation exempting newspapers and magazines from the state sales tax was passed by the Senate.

Texas natural gas production (7.7 trillion cubic feet) last year was down from 8 trillion cubic feet the year before.

The House approved legislation allowing county commissioners to regulate massage parlors outside city limits.

A new local option pari-mutuel horse race wagering bill has been introduced in the House.

The average Texan's real income has almost doubled in 25 years, according to Texas Research League.

The Railroad Commission authorized Texas intrastate grain haulers to raise their tariff by 20 per cent and the minimum weight of grain trailers to 46,000 pounds.

The commission hired eight new employees in its gas utilities division with emergency funds recently approved by the legislature.

AG Opinions

A county auditor may legally approve a claim based on a judgment for remittance of an amount recovered in a bail bond for-

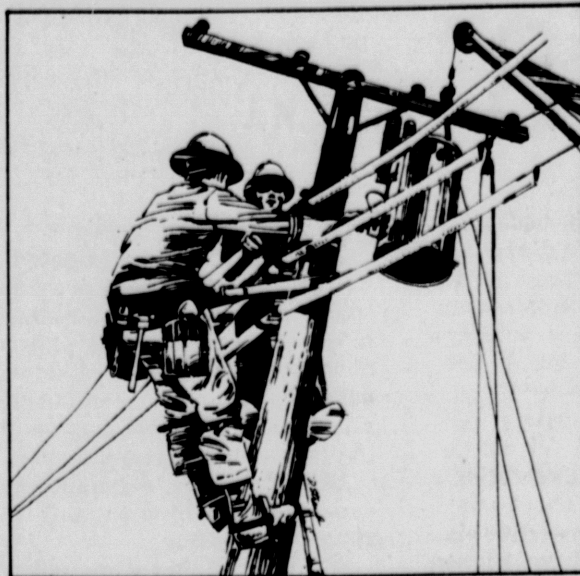

feiture, payable from the general fund, Atty. Gen. John Hill said. In other recent opinions, Hill concluded:

An application or certi-

cate of medical examination for alcoholism may be filed with a county judge after working hours and on weekends.

We want to keep your electric service dependable.

That's why we're asking for a rate increase.

Dependable electric service is the constant goal of Texas Power & Light Company. But more than that, it is a responsibility we have to nearly two million people throughout North, Central and East Texas.

For almost sixty-five years, TP&L has fulfilled this responsibility and we're working to meet it in the future, but the costs of producing and supplying electricity have risen drastically in recent years and they're continuing to go up.

For example, in 1971 about 17¢ of every dollar TP&L customers paid for electric service went for generating plant fuels. In 1976,

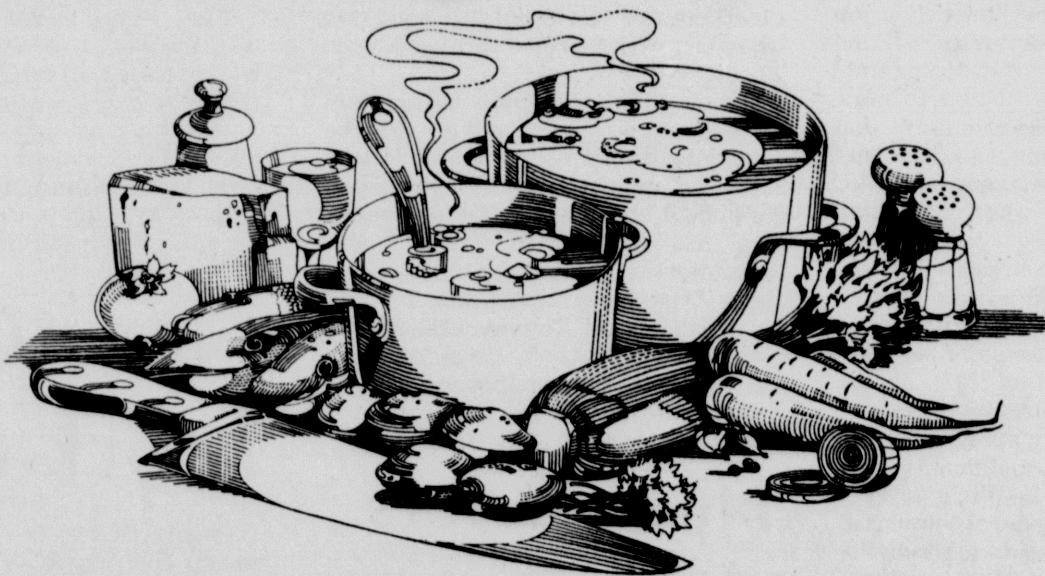

about 38¢ of every dollar went for fuels. In 1971, the cost of constructing plants, lines and other facilities was \$102 million. Last year, construction costs were more than \$261 million. The cost of government-required anti-pollution equipment on generating plants has increased about 25 times since 1972.

The end of these vastly inflated costs is nowhere in sight and it leaves TP&L no choice but to ask its customers to pay more for the electricity they use. It's the only way we can continue to provide the dependable electric service you want and expect.

TEXAS POWER & LIGHT COMPANY
A tax-paying, investor-owned electric utility

Enjoy a 10-minute call to Boston without shelling out a lot of clams.

For just \$2.57 or less, you could take down these recipes by Long Distance.

We're printing these chowder recipes to make a point: a Long Distance call lets you say so much, for so little.

In a 10-minute call to Boston, between 5 p.m. and 11 p.m. tonight, you could easily take down the recipes below. And by dialing 1+, the most you pay is \$2.57, plus tax.

So enjoy a pleasant visit tonight by Long Distance. Wherever you call, you can take the time to find out what's cookin'...without stirring up a big expense.

1. FISHERMEN'S CATCH CHOWDER

2 tbsp. butter or margarine
1/2 cup finely chopped onion
1/2 cup finely chopped celery
1/2 cup chopped pared carrots
1/2 cup snipped parsley
1 tsp. crushed dried rosemary
1 can (16-oz.) whole tomatoes, drained (reserve liquid)
2 cups dry white wine
1 bottle (8-oz.) clam juice
1 tsp. salt
3 tbsp. flour
3 tbsp. softened butter or margarine
8 ozs. flounder or ocean perch
8 ozs. pike or rainbow trout
8 ozs. haddock or halibut
8 ozs. minced clams (opt.)
1/2 cup light cream

a) Heat the first 6 ingredients in Dutch oven until bubbly; reduce heat and cover. Simmer 15 minutes.
b) Chop tomatoes. Stir tomatoes, reserved liquid, wine, clam juice and salt into vegetables in Dutch oven. Heat to boiling; reduce heat and cover. Simmer 10 minutes.
c) Mix flour and 3 tbsp. butter until smooth; stir into chowder. Cook and stir until slightly thickened.
d) Cut fish into 1-inch pieces, and add to chowder. Heat to boiling; reduce heat. Simmer uncovered until fish flakes easily with fork, 8-10 minutes. Remove from heat. Stir in cream.
e) Ladle chowder over sliced, toasted French bread. Garnish with snipped parsley. (Makes six 1 1/2-cup servings.)

2. SEAFOOD CHOWDER

3 cups water
2 cups chopped pared potatoes
1 cup chopped celery
1 1/2 tsp. salt
1/2 tsp. pepper
1/2 tsp. ground allspice
1/2 cup butter or margarine
1/2 cup all-purpose flour
2 cups milk
1 lb. cod fillets
1 tsp. dried dill weed
1 cup chopped unpared seeded cucumber
2 tbsp. lemon juice
1/2 tsp. paprika
1 hard-cooked egg, sliced

a) Heat first 6 ingredients in saucepan to boiling; cover. Boil until vegetables are tender, 10-12 minutes. Drain vegetables, reserving 2 cups broth.

b) Melt butter in Dutch oven; stir in flour. Cook over low heat, stirring constantly, until mixture is smooth and bubbly. Remove from heat. Stir in milk and reserved broth. Heat to boiling, stirring constantly. Cut cod into 1/2-inch pieces, stir into mixture. Add dill. Heat to boiling; reduce heat. Simmer uncovered until fish flakes easily with fork, about 8 minutes.

c) Stir cucumber, lemon juice, paprika and vegetables into chowder. Heat until hot. Garnish with egg slices. (Makes eight 1/2-cup servings.)

Breakeven Costs Could Be Key To Farm Profits

COLLEGE STATION Texas farmers don't have a lot of room to waver when it comes to production costs. So determining the breakeven costs of the commodities they plan to produce can be the key for a profitable production program.

"Although cost of production for a particular commodity is often difficult to determine due to the variability of production inputs, it is a starting point for a producer to organize his productive resources to obtain optimum net income," points out Cecil Parker, economist in management with the Texas Agricultural Extension Service.

Parker estimated breakeven variable and total production costs for irrigated and dryland cotton, sorghum, corn and wheat for five resource areas of Texas. He used 1977 projected costs of production inputs and a weighted average yield for 1973-75 for the crops.

For dryland cotton, the economist's breakeven costs for variable expenses were 28 cents per pound of lint in the High Plains, 12 cents in the Rolling Plains, 43 cents in the Blacklands, 23 cents in the Coastal Bend

and 25 cents in the Rio Grande Valley. Irrigated costs were 32 cents in the High Plains, 20 cents in the Rolling Plains and 44 cents in the Valley.

Dryland sorghum costs (variable costs per hundred pounds) were \$1 in the High Plains, \$1.83 in the Rolling Plains, \$2.47 in the Blacklands, \$2.09 in the Coastal Bend and \$1.94 in the Valley. Irrigated costs were \$2.68 in the High Plains, \$2.08 in the Rolling Plains and \$3.04 in the Valley.

Dryland wheat variable costs were estimated at \$1.42 per bushel in the High Plains, \$1.77 in the Rolling Plains and 99 cents in the Blacklands. Irrigated costs were estimated for the High Plains only at \$2.46 per bushel.

Parker figured the variable costs on corn production under irrigation in the High Plains at \$1.62 per bushel. Lumping the variable production costs together to obtain a statewide average, Parker came up with these figures: 28 cents a pound for cotton, \$2.21 per 100 pounds of sorghum, \$1.88 per bushel of wheat and \$1.62 per bushel of corn.

When looking at total pro-

duction costs on a state average, the figures showed the following: 47 cents per pound of cotton, \$3.89 per 100 pounds of sorghum, \$3.37 per bushel of wheat and \$2.62 per bushel of corn.

Parker's production costs were based on weighted average yields of 350 pounds for cotton, 3,932 pounds for sorghum, 25 bushels of wheat and 122 bushels of corn.

"These figures are simply intended to be a planning guide for producers," explains Parker. "Certainly, the estimated breakeven variable and total production costs can be influenced by a change in production input costs and crop yields. Each producer should view these data in relationship to his particular situation.

"By comparing income above variable costs per acre for each crop, a producer can select a combination of crops for optimum income above variable costs, assuming land to be the only limiting production factor. Of course, if other production factors such as labor and capital are limited, determining the optimum crop combination becomes more difficult," points out Parker. "The level of risk a producer is willing to take will determine the level of profit maximization."

Kubiak Bill Seeks Relief For Farmers

Rep. Dan Kubiak said Thursday that he has asked that the Transportation Committee set an early hearing date for his bill, H.B. 1345, which would provide some relief to Texas farmers and ranchers who have to transport their agricultural products across the State to market.

Kubiak said his bill would allow farmers or ranchers who have exceeded the transportation load limit to proceed to their destination if it is within the State of Texas without having to unload their cargoes of perishable agricultural products.

"Our farmers and ranchers are having a hard enough time trying to make ends meet without needless and rigid restrictions," Kubiak stated. "We must not forget that our agricultural producers provide the food and fiber on which we all depend."

"While livestock cargoes are not required to unload in cases of overweighted cargoes, perishable agricultural products are, and thus, a portion of these products are ruined," Kubiak pointed out.

"We should assist our agricultural producers in the State in any way we can," said Kubiak. "I hope the Transportation Committee will respond favorably to my proposal as it comes before the committee."

Kubiak is presently serving as vice - chairman of the Agriculture and Livestock Committee.

County Agent's Notes Fruit Tree Spraying Outlined

By Bill McCutchen
Milam County Exten. Agent

I continue to get questions on peach and plum spraying and management, so with all of the interest I will outline a simple program for homeowners.

Protecting peaches and plums from diseases such as brown rot, and scab, and insects such as San Jose Scab, plum curculio, and stinkbugs is no easy matter. Insects and diseases are as attracted to fruit as is the species Homo Sapiens and it is a constant battle to see who prevails.

In discussing a spray program, let me tell you what I do and what I have had success with on my fruit trees.

I use a dormant oil spray in January or Early February to control scab. When trees are in the pink bud stage I spray with a mixture of Captan 50 percent W. P. and Malathion 50 percent E. C. as directed on the labels of each.

If you will start as soon as the flower petals start falling with the same two materials and spray every 7 to 10 days up until one week of harvest.

On some of these peach varieties that may mean 10 to 15 spray applications. That sounds like a lot of trouble and believe me it is, but there is no other method I know of to insure insect and disease free fruit.

Employment Open For Field Scouts

Several field scouts will be employed in Milam and Williamson counties to work in the 1977 Pest Management Program.

Primary job of the scouts will be to collect insect and plant data from cotton and grain sorghum fields and they will receive classroom and field instruction.

Those interested in scouting employment should contact the county Extension office for an application form. Personal interviews will be arranged and prospective employees should be prepared to list at least three references.

Deadline for applications is March 28.

Corley, Farmers Tour IH Plant

Some six area farmers joined International Harvester dealer Tommy Corley of Cameron Equipment Co., Cameron, on a special "jet-set" tour of farm equipment manufacturing plants in Western Illinois.

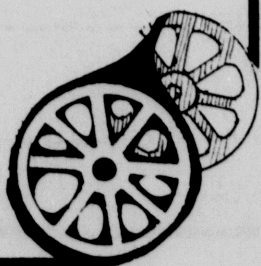

The two-day trip began in Houston with a morning plane departure. Three hours later, farmers and dealer began their tour of two IH plants.

NEW DEUTZ DEALER

Announcing the appointment of
The Wagon Yard in Waco as the new Deutz dealer. We would like to extend an invitation to any Deutz owner or those interested in Deutz tractors to visit or call The Wagon Yard located at Interstate 35N, Exit 341 in Waco.

Phone 817-799-4811.

We offer complete service work.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The
TEXAS DEPARTMENT OF AGRICULTURE
John C. White, Commissioner

A Closer Look... Farm Workers Decrease In Number... Meat Production.

That three per cent increase in crop prices to Texas farmers as well as the five per cent increase in livestock prices needs a closer look to put it in its proper perspective as they relate to farmer prices and the general economy.

The increases occurred during the month ending Feb. 15. At that time, farm parity was 69. A month ago it was 68, while a year ago it was 72.

A look at the Texas commodity price shows what has happened to Texas farm prices during that time compared to a month earlier.

Wheat prices averaged \$2.42 per bushel; this is down 15 cents from a month ago. Sorghum prices averaged \$3.56 per hundredweight; this is down ten cents from a month ago. Compare those with parity and you get an even bigger discrepancy. Parity for wheat is \$4.98; parity for grain sorghum is \$5.72.

Cotton did show an increase of 2.4 cents per pound to average 62.5 cents. But parity for cotton is 82.84 cents per pound.

So farmers still have a long way to go in getting parity for their major crops.

The same is true when you look at the livestock price structure. True, hogs did go up 50 cents, beef cattle prices went up almost \$2, calf prices jumped almost \$4.

But that's not all the story.

Hogs did average \$38.50; a year ago they were \$44.90 and parity for hogs is \$54.90. Beef cattle parity is \$57.70; calf parity is \$67.40, thus the \$34.60 average is more than \$30 under parity.

In poultry prices, broilers averaged 27 cents compared to 24.5 cents a month ago; egg prices, at 74.5 cents a dozen, are up a penny from a month ago, and turkey prices, at 33 cents a pound, are down a penny from a month ago.

FARM LABOR FORCE ON TEXAS FARMS and ranches showed a decrease of six per cent compared to the survey period of a year ago.

The agricultural labor force numbered 211,000 during the survey week. Farm and ranch operators and unpaid family workers totaled 146,000, down eight per cent from the previous period, and the number of hired workers, at 65,000, was down two per cent.

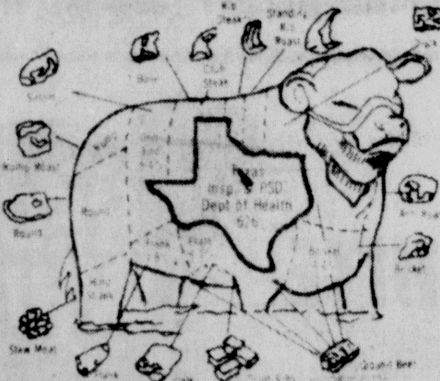

RED MEAT PRODUCTION IN TEXAS decreased one per cent from a year ago, the Texas Crop and Livestock Reporting Service notes.

The 305.5 million pounds compares with 308.7 million pounds a year ago.

Nationwide, beef production was two per cent below a year ago while pork production was six per cent above a year ago. A decrease of 12 per cent in lamb and mutton production was also noted.

4-H NOTES

By Kenneth Waites
Asst. Co. Extension Agent
Milam County
Several Milam County 4-
H's exhibited their ani-
mals at the Houston Live-
stock Show, March 1-6th.
Darrell and Deborah Gl-
aser, son and daughter of
Mr. and Mrs. James Glaser
of Buckholts, exhibited their
pens of broilers which were
sold for \$500 and \$100 re-
spectively. Darrell had the
highest placing pen of broil-
ers from Milam County with
a 14th place out of over
500 pens.

Several Milam County 4-
H's and FFA members
purchased their birds from
Monroe Fuchs, Ideal Hatch-
ery in Cameron.

Starla Rodenbeck of Thor-
ndale 4-H showed the 5th
place two-tooth Delaine Ram
and the 3rd and 4th place
two-tooth Delaine Ewe.

In the dairy show, Shari
Spence of the Rockdale 4-
H Horse Club had the 1st
place 2 year old Guernsey
cow in milk. Dwayne Borho,
Griffin Chapel and Chris Ri-
ola, Cameron, both receiv-
ed a red ribbon in the Brown
Swiss heifer classes.

Rhonda Scroggins, Thorn-
dale 4-H, had a 6th place
Brangus heifer.

Richard Melton of Griffin
Chapel caught a calf in the
dairy scramble during the
rodeo and received a \$275
certificate toward the pur-
chase of a dairy heifer which
he will show next year.

Milam County 4-H Council
will meet March 21 at the
First National Bank in Cam-
eron at 7:30 p.m.

The 4-H County Contest
will be held March 22 at
the Cameron Community
Center at 7 p.m.

Bill Would Govern Buildings

Declaring that the State
must take the first step in
incorporating alternative
energy sources, Rep. Dan
Kubiak has introduced H.
B. 1398, a measure which
would require the State of
Texas to account for its
energy source decisions
when constructing State bu-
ildings.

"Recent gas curtailments
throughout the nation and
Texas should be evident
proof that alternative en-
ergy sources are needed im-
mediately," said Kubiak.

Kubiak's bill would re-
quire, before contracting for
construction or renovation
of any State building, that
the State Building Commis-
sion conduct a feasibility
study on the use of energy
sources other than fossil
fuels for the heating and
cooling of the building. These
reports would remain on
file for public inspection.

Some Child Care Payments Quality

Payments for child care
services made to relatives
by working parents may not
necessarily qualify for the
new child care credit, the
Internal Revenue Service
said today.

Available for 1976 income
tax returns now being filed,
the credit has been misun-
derstood by some working
parents who believe it cov-
ers payments to all relatives
for child care to allow the
taxpayer to be gainfully em-
ployed.

Benefit For Civic Theatre March 24

The Temple Civic Theatre will have a benefit with the proceeds to be used for the landscaping of the new Temple Civic Theatre building. It will be held on Thursday, March 24 with the program beginning at 10 and the luncheon at 12 noon.
Mrs. Robert A. (Ann) Murray will give a lecture and demonstration on "Creates Flower Arrangements for Today's Living." She is an accredited amateur flower show judge and well known for her lectures and flower arrangements.
Tickets for the show will be \$6 each. For further information call between 9 and 12, 817-778-4761 or write: Temple Civic Theatre, P. O. Box 3732, Temple, Texas 76501.

HAPPY BIRTHDAY RUTH PANSY TUCKER

Ah, my friends, it never fails, when that special time of year prevails. When Birthday Greetings are thrown to you left and right
Your first impulse is to get out of sight. But Ruth Pansy please never forget. The older you are the better you get.

SOCIETY AND CLUBS

Junior Historians

F. J. Spencer, president of International Management Services of Houston, will be the speaker at the annual awards banquet of the Junior Historians of the secondary schools in McLennan, Bosque, Bell, Milam, Navarro, Hill, Limestone and Falls counties Thursday March 24.

The Heart O'Texas Study of American Heritage will sponsor the program which will be held at 6 p.m. at Ridgewood Country Club in Waco. Theme of this year's awards program is "Free Enterprise in a Free Country."

Purpose of the banquet is to award and recognize efforts of students of the Junior Historian Chapters in the eight-county area.

Buckholts Booster

The Buckholts Booster Club will sponsor a Mexican Supper and games to be held Friday, March 18.

The menu will include enchiladas, tacos, spanish rice, beans, pie, and tea or coffee. Serving time for the supper will start at 6 with the games starting at 6:30.

Price for each plate will be \$2 with plates available to take out. Tickets may be bought at the door that night.

Both activities will be held in the Buckholts School Gymnasium. The public is urged to come out and attend.

Pleasure & Profit

The Pleasure and Profit Club met Thursday, March 10 in the Cameron library with 13 members present.

Mrs. Frances Walzel was hostess. Refreshments of pie, sandwiches and soft drinks were served.

Jean Tumlinson, president presided. Two new members were voted into the club. They were Mrs. Roxanne Jordan and Mrs. Glenda Dusek.

Ada Margaret Smith presented the program which was a review of the book "Politics, Texas Style" by W. R. Poage, MC. This book is an appraisal of a long-time participant in Texas politics. It gives both obvious and underlying issues and trends.

After a discussion of the book the meeting was adjourned.

Marak To Have Dinner March 20

The Societies of Marak Catholic Church will sponsor their annual turkey dinner on March 20.

Beginning at 11 a.m., turkey, dressing and all the trimmings including dessert and drink will be available. Tickets may be purchased in advance from one of the members.

Candlelight Ceremony Unites Smith-Roberson

Miss Martha Sue Smith of Rosebud, daughter of Mr. and Mrs. Grady Coker of Cameron, became the bride of Gary Weldon Roberson, son of Mr. and Mrs. Weldon Roberson of Rogers on Saturday, March 12, at 2 p.m. in a candlelight service at the First Lutheran Church of Rosebud.

Rev. E. A. Heckman, pastor, performed the double ring ceremony in front of the altar banked with arrangements of spring flowers and lighted tapers in tall candelabra.

Mrs. Doug Sonntag was organist for the nuptial music. Soloists were Mrs. Barry Sharp of Rosebud and Miss Grace Smith of Temple, sister of the bride.

Given in marriage by Mr. Charles West, her cousin, the bride wore a formal A-line ivory silk organza gown fashioned with a molded empire bodice, Queen Anne neck, and bishop sleeves, all trimmed with venise lace appliques. The scalloped hemline swept to a full chapel train. A pearled venise lace Juliet cap held the tiered elbow length, lace-edged English illusion veil. She carried a cascade bouquet of white roses atop a white Bible. She wore a star sapphire necklace, gift of the groom. She observed the traditions by wearing "something old and something new, something borrowed and something blue," and a penny, with her birthdate, in her shoe.

Miss Janet Bell of Rosebud served her friend as maid of honor. She wore an A-line floor length gown of apricot voile, fashioned with a ruffled cascade and circled the neckline, extended down the front, and accented the hemline. She wore a picture hat of ivory lace, bound in apricot satin ribbon, and carried a basket of spring flowers.

Matron of honor was Mrs. Frankie Daskocil of Zabcikville, sister of the groom. Bridesmaids were Miss Grace Smith, Miss Patricia Wieser of Cameron, cousin of the bride; Miss Carolyn Ellis of College Station; Miss Donna Hoelscher of Rosebud; and Miss Donna Crenan of Burlington. They wore ensembles like that of the maid of honor. Miss Kimberly Wieser of Rosebud, cousin of the bride, was flower girl.

Charles Green of Zabcikville was best man. Groomsmen were Frankie Daskocil, Danny Coker, brother of the bride; Mike Bell of Rosebud, Ricky Gommert of San Marcos, A. J. Stermer

Personal Mention

Perry Harbour, son of Mr. and Mrs. B. F. Harbour of Rogers, has been transferred from Tokyo, Japan to New York City by the firm for which he works. Since his graduation from Baylor University in 1965, he has worked for Coopers - Lybrand Accounting Company, first in Dallas, then in Tokyo for six years.

of Belton and Alan Baca of College Station. Ringbearer was Mark Gill of Temple. Candle lighters were Eddy Coker of Cameron, brother of the bride, and James Henson of Seaton. They also served as ushers with Jim Crenan of Burlington and Charles Kohl of Lott.

The bride's mother chose

a formal gown of brown chiffon, fashioned with a cape of the same material, and gold accessories. The groom's mother wore an ivory chiffon formal with a cape of the same material, and gold accessories.

Special wedding guests were Mrs. Cliff Roberson of Temple and Mrs. Edgar

Randolph of Troy, grandmothers of the groom; Mrs. Ellis Coker of Cameron, grandmother of the bride; and Miss Nan Lee Wieser of Rosebud, the bride's aunt.

A reception at Flag Hall of Cyclone followed the ceremony. The bride's table was covered with a white dotted swiss cloth, trimmed with apricot satin bows, and held an arrangement of spring flowers. From it were served pink champagne and the tiered bride's cake decorated with white doves and apricot roses, topped with a miniature bride and groom.

The groom's table was laid with a brown linen cloth and centered with a candelabra holding lighted tapers. From it were served coffee and the chocolate wedding-ring cake

In the house party were Misses Kathy Roberson, Cheryl Skala, Sharon Hildebran, Doris Willberg, Kathy Rigby, Andrea Matula, Jane Wilde, and Cheryl Jungmann. Also in the house party were Mesdames Gary Schoenemann, Ben White, Harold Wieser, Jr., Mike Lundell, Bud Strong, Stan Corbitt, Archie West, Paul Martinez and Louis Halunka Jr.

After a wedding trip to South Texas and Mexico, the couple will live in Temple, where the bride is a student at TJC, and the groom is employed by the Temple Coca Cola Bottling Co. For travel the bride chose a four-piece pink suit and wore a corsage of roses from her bouquet.

The rehearsal dinner was held March 11 at the Western Sizzlin' Steak House in Temple, with the groom's parents as hosts.

TJC To Compete In Cotton Classic

The Temple Junior College baseball team left Sunday for Casa Grande, Ariz., where they will compete in the Cotton Classic Invitational baseball tournament.

The week-long trip, which falls during semester break, will be a combination of work and pleasure for the 21 team members.

The TJC team will meet stiff competition in tournament play, facing Central Arizona, defending national champion, in the first game, and Yavapai College of Prescott, Ariz., 1975 national champion, in the second game.

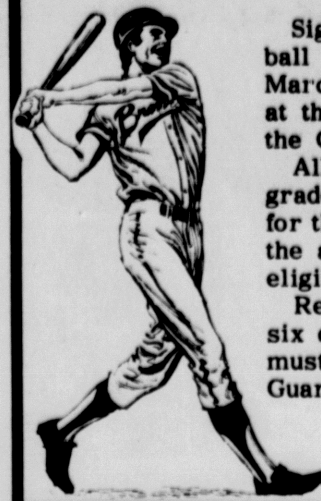

"The tournament will really test our mettle," Coach Charles Lodes said. "We'll find out how good we really are."

The team has a 7-1 season so far. "They've shown a close teamwork attitude and we're looking forward to another successful season," Coach Lodes said. "This group has the potential to be one of the best teams TJC has ever fielded."

While in Arizona, Coach Lodes has arranged for the team to visit spring training camps of some of the major league baseball teams. The major league clubs have started spring training and are beginning some exhibition play.

The group also will do some sightseeing in New Mexico and Arizona. Teams participating in the tournament also will be guests of the civic clubs of Casa Grande for a barbecue.

Attention Little Leaguers

Sign-up for the summer little league ball program will be held Saturday March 19. The sign up will be held at the little league ball park behind the Cameron Airport from 9-11 a.m. All boys and girls from the first grade to age 15 are urged to sign up for the program. Those that will reach the age of 16 before August 1 are not eligible for the program.

Registration fee for the program is six dollars per person and the child must be accompanied by a parent or Guardian to sign them up.

Check On Camp Space For Holidays In Parks

Spring, more welcome than ever after this hard winter, finally has made it. People are eager to get out into the greening countryside, and Easter is just around the corner.

For many, plans for the Easter weekend will involve a visit to a state park. But to avoid disappointment, the Texas Parks and Wildlife Department has a word of advice.

Unless you already have a reservation for screened shelters, cabins or group facilities, a change in plans most likely will be necessary. A drawing for these reservations is held in January and the facilities usually are booked then for the

times of heaviest demand. Reservations are not accepted for regular campsites so for them it is first come first served and they fill up quickly on holidays.

P&WD program administrator Bill Scruggs suggests getting as early a start as possible if you plan an Easter camping trip in a state park, and to phone just before leaving to find out how full the park is that you have in mind. This could prevent a long drive for nothing, and give time to try an alternate destination.

Equip basement windows with locks, not simple catches, for optimum safety.

Southern Bald Eagle Flourishing In Texas

It looks like a good year for southern bald eagles. Non-game biologists of the Texas Parks and Wildlife Department in February made their fifth annual aerial survey along the Gulf Coast for nests of this endangered species. So far, they are happy with the results.

For the first time since the department began keeping records, and probably since before the DDT era, the number of nests sighted in Texas has reached a double figure. A new nest was found the last weekend of the survey, bringing the known total to 11.

Seven of those nest sites have pairs of eagles on them. Six of these pairs have young and the seventh pair is acting broody, said non-game biologist John Smith. This could mean either that they will be laying later or that they are going through a parental cycle without young. This sometimes happens, Smith explained, since birds of prey have a strong par-

ental drive.

Of the other four nest sites that do not this year have active pairs, three have produced young in the last few years.

There are two major concentrations, six of the nests being in Victoria, Calhoun, Goliad and Refugio Counties and four in Matagorda and Brazoria Counties. The other nest is in Orange County. The one that was found most recently is in Brazoria.

Smith said the observers still may not have spotted half the existing eagles and cooperation from the public is welcomed. Eagles build their nests in the tops of large trees, repairing or adding to the structures each year until they sometimes are five or six feet wide and deep. The department particularly is interested in locating nesting birds around the big lakes in East Texas.

The southern bald eagle is a large dark bird with white head and tail, which in flight carries its wings in a horizontal position. This species spends the entire year in the south, principally along the coast or by rivers or large lakes.

The northern bald eagle, slightly larger but otherwise indistinguishable from the southern, winters in the south and migrates north to nest. Reports of these birds, which are to be seen across the state, are not requested and most of them have left already by this time.

To report sightings of the endangered southern bald eagles or their nests, call any P&WD office or write the Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Texas 78744. Give the date and location in estimated miles and direction from the nearest town, size of nest and any other pertinent information.

Non-game biologists believe there is good reason for optimism in general about fish-eating birds and birds of prey. Figures are up this year for the Amer-

ican peregrines in West Texas, the brown pelicans, white-faced ibis, reddish egrets and even for the whooping cranes. Census techniques also are continually improving.

The exception is the inland least tern. More data are needed about this bird, but there is enough cause for concern for the P&WD to have recommended placing it on the endangered list.

The department's non game section, which is much involved with the problems of the endangered species, is confident about the upswing in southern bald eagles. Florida and California have the greatest concentrations of them, but the Texas population, though far smaller than in those states, shows definite signs of thriving. Further information from the public to augment the biologists' surveys would be appreciated.

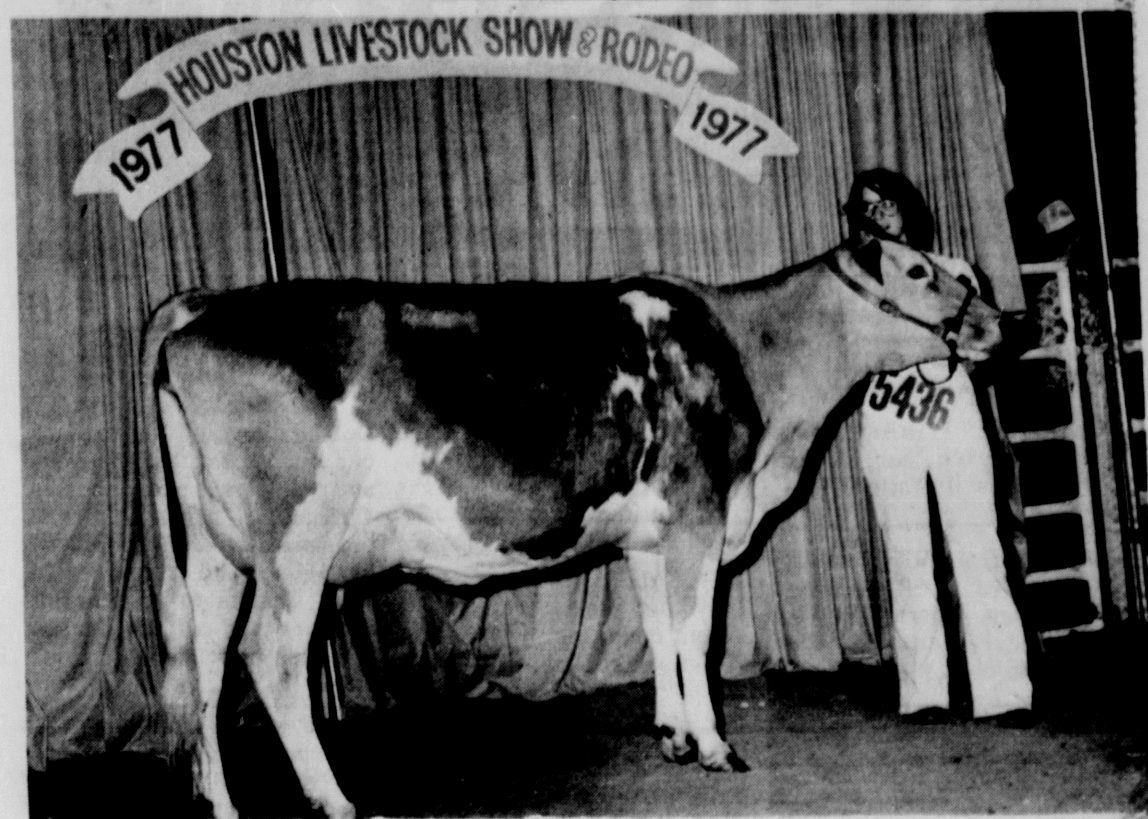

Both southern and northern bald eagles have been cited on a regular basis at Palo Duro, Caprock Canyons, Lost Maples, Caddo Lake and Pedernales State Parks.

JCPenney Income Up

J. C. Penney Company, Inc. reported today a 20.3 per cent increase in 1976 net income on the basis of preliminary unaudited figures.

The department store and catalog chain's net earnings for the 52 weeks ended Jan. 29 amounted to a record \$228. million compared with \$189.6 million for the 53 weeks of 1975. Net income per share increased 13 per cent to \$3.57 versus \$3.16 in 1975, when there were approximately 3.7 million fewer shares outstanding. The translation of foreign currency financial statements had a negligible effect on net income per share for 1976 compared with an increase of 7 cents in 1975.

For the final 13 week quarter of 1976, J.C. Penney had net income of \$105.0 million, or \$1.64 per share, compared with net earnings of \$109.3 million, or \$1.81 per share, for the final 14 week quarter of 1975.

SHOW WINNER - Shari Spence of the Rockdale 4-H Club, shows her first place Guernsey Female which won first place in Class 10 in the Junior Show at the Houston Livestock Show.

Baptists Rap Gambling Bill

DALLAS Texas Baptists' Executive Board struck a sledgehammer blow here Tuesday at a pari-mutuel gambling bill introduced the same day in the Texas House of Representatives.

House Bill 1499 to permit local option pari-mutuel gambling was presented by Laredo representative Billy Hall.

Almost simultaneously, at its quarterly meeting in Dallas, the 192-member Executive Board said, "We are sick and tired of a few legislators trying to convince the entire state government that it should evade its responsibility by allowing local option elections on gambling."

The board urged Texas Baptists to call and write their legislative representatives, the governor, the lieutenant governor and the speaker of the house to express opposition to legalized gambling.

Also, the Convention's Christian Life Commission was directed to make available to Texas Baptist churches specific information on positions taken by legislators on gambling and "any action they take which promotes gambling."

The board which represents 2 million Texas Baptists in more than 4,000 churches and missions said it holds the Texas Legislature accountable to honor the expressed will of the people concerning pari-mutuel gambling.

The Board explained further that its action is an effort to communicate to aspiring politicians that the majority of Texans do not consider legalized gambling in the best interests of the state.

The board said, "We are fed up with exaggerated claims of gambling revenues when national studies flatly contradict such claims."

"We are confident that the Governor, long pledged to no new taxes will oppose gambling as a revenue source."

Citing Texans for their wisdom in voting down proposals to legalize gambling, the board said, "That wisdom must be reflected in the decisions of this legislature."

"We cannot allow gross manipulation of government to serve the pocketbooks of a few special interests."

Texas Baptists charged that "any move for a statewide vote would confirm that the gambling interests"

current frantic appeals for funds have failed" and that "the vast sums of money necessary for a statewide campaign would surely come from questionable sources outside the state."

"The resolution pledged 'continued involvement against activities that victimize the poor. If efforts to legalize gambling are further pursued, we will intensify our opposition,' it added."

Among its reasons for opposing pari-mutuel gambling the board cited regressive taxes, corruption of public officials, increase in organized crime and wealthy sportsmen capitalizing on the misfortunes of the poor.

Trees Need Fertilizer, Expert Says

Elegant shade trees that enhance many yards are often overlooked at fertilizing time. However, a landscape specialist for the Texas Agriculture Extension Service says that most trees can tolerate the neglect and only require fertilizer every few years.

"Most trees need to be fertilized only about once every three years," says Everett Janne. "However, trees that have their roots confined by streets, curbs or other structures should be fertilized more often."

He cautions against over-fertilization as it may cause excessive top growth, making the tree vulnerable to storm damage.

Janne recommends fertilizing a tree on the basis of its branch spread. For every 1,000 square feet of branches, apply about six pounds of actual nitrogen. This would mean 50 pounds of fertilizer with analysis of 12-12-12 (.12 x 50-6).

"Regular lawn fertilizer is fine for your shade trees," says Janne, "but the applications are the most beneficial when applied in three separate doses."

He recommends the first application in late fall, the second in spring just before new growth begins, and the last feeding in the summer.

"To assure that the tree gets the complete value from the nutrients, apply the fertilizer evenly beneath the branch spread and then water the soil thoroughly," Janne advises.

A fact sheet on "Fertilizing Woody Ornamentals" provided information for interested gardeners. A copy may be obtained from any county Extension office, adds the horticulturist.

Cameron, Texas, Herald, March 17, Page 13

LEGAL NOTICES

No. 3750

Notice is given that J. K. Stuart, P.O. Box 72, Cameron, Texas 76520, applicant seeks a permit to do the following:

- (1) maintain an existing dam and on-channel reservoir, designated Reservoir No. 1, on an unnamed tributary of Big Elm Creek, tributary Little River, tributary Brazos River, Brazos River Basin, to impound therein not to exceed 240 acre-feet of water and to divert therefrom not to exceed 112 acre-feet of water per annum for industrial purposes (dairy barn flushing) and for irrigation of 80 acres of applicant's land in the Sterling C. Robertson Survey, Abstract No. 51, Milam County, 2 1/2 miles NW of Cameron, Texas; and
- (2) impound in an existing off-channel reservoir, designated Reservoir No. 2, not to exceed 69 acre-feet

of water to be diverted from Reservoir No. 1.

The dam which forms Reservoir No. 1 is located in the Sarah Wilhelm Survey, Abstract No. 69, Milam County, and the midpoint of the dam at the stream is 62 degrees W, 1340 feet from the E corner of the aforesaid survey.

The levee which forms Reservoir No. 2 is located in the aforesaid Sterling C. Robertson Survey, and the S corner of the levee is S 48 degrees W, 120 feet from the N corner of the William W. Lewis Survey, Abstract No. 30, Milam County.

Applicant seeks authority to divert water by means of one stationary pump which is S 71 degrees W, 1360 feet from the corner said Sarah Wilhelm Survey. Wastewater produced by the flushing operation is piped by gravity to a sump and then pumped to Reservoir No. 2 for disposal by evaporation and irrigation use, all being more fully set out in the application.

Application No. 3750 was accepted for filing pursuant to 5.121, Texas Water Code, and Rules 129.02.05.001 through 129.02.70.008, on February 28, 1977 and a hearing thereon will be held by the Commission in the Stephen F. Austin State Office Building at 1700 N. Congress Avenue in Austin, Texas, on April 20, 1977 at 10 o'clock a.m.

Those opposing the granting of said application may appear at the hearing and/or, at least five days before the hearing date, may file written protests with the Commission, and serve copies on the applicant by certified mail, return receipt requested, or by attorney's affidavit. Written protests must contain the name and address of the applicant, an allegation of potential injury of the protestant, the basis of protestant's claim of right and the location of protestant's diversion, if applicable, and any possible adjustments to the application which

would result in a withdrawal of the protest. However, persons filing such written protests are not entitled to be admitted as parties to the proceeding unless they comply with Rules 129.03.13.001-.003 which require actual presence at the hearing. Persons desiring further information in connection with this application or the administrative procedures to be followed may contact Pam Weddell, P. O. Box 13207, Austin, Texas 78711, Telephone (512) 475-2711.

LEGAL NOTICES

NOTICE TO BIDDERS

The Town of Buckholts, Milam County, Texas will receive bids until 10:00 A.M. April 7, 1977, at the Buckholts Town Hall for the construction of a complete, new sanitary sewer system. The project will be divided into two separate contracts as follows: CONTRACT I - collection system improvements will consist of the installation of a complete collection system, including lines, manholes, cleanouts, lift stations, force mains and all other items necessary for a complete and operable collection system. CONTRACT

II - the plant will consist of an oxidation ditch type primary treatment and a clarifier for secondary treatment. The plant will be complete in all respects including pipes, manholes, chlorinator, mechanical and electrical equipment, access road, culverts, dirt work, channel excavation, sidewalks, site fencing and fence, inlet and outlet structures, as shown on the plans and specifications.

The Contractors will be required to furnish a 100% performance/ payment bond and a 5% bid bond on the subject project.

This project is being financed with a loan from the Farmers Home Administration and will be subject to all the rules, regulations, wage rates and equal opportunity provisions as applied to federally assisted projects.

Bids should be addressed to Mayor Richard C. Crowe, Town of Buckholts, Buckholts, Texas 76518.

Copies of the plans and specifications may be obtained at the office of DON H. FLEMING & ASSOCIATES 910 W. North Side Drive, Fort Worth, Texas. A \$35.00 deposit will be required and refundable to bidders, \$15.00 refundable to non bidders, if plans and specifications are returned in good condition and within three days after the bid opening.

PUBLIC NOTICE

NOTICE OF INTENTION TO REQUEST RELEASE OF FUNDS AND CERTIFICATION FROM THE DEPT. OF HOUSING AND URBAN DEVELOPMENT FOR THE CITY OF CAMERON COMMUNITY DEVELOPMENT PROGRAM FOR FISCAL YEAR 1977

The City of Cameron intends to submit a request to the Dept. of Housing and Urban Development Program for release of funds and certification for the City of Cameron Community Development Program for Fiscal Year 1977. This request will be submitted March 28, 1977.

The Fiscal Year 1977 Community Development Program for the City of Cameron, Texas consists of the following projects:

1. Completion of Sanitary Sewer Improvements in Alabama Addition. Total estimated cost over a period of three years is \$70,000.00. Cost of FY '77 Program is approximately \$8,940.00. See Exhibit 'A' for location.

2. Neighborhood Park at O. J. Thomas School, provision of park improvements which will complete all proposed improvements. Completion of these improvements will be accomplished at a cost of \$2,000.00 in the

FY '77 Program. See Exhibit 'A' for location.

3. Street paving, curb and gutter, and drainage will be carried out in northwest, northeast and west areas of the City as shown on Exhibit 'A'. A portion of this work will be in cooperation with the city of Cameron on a Street Assessment Paving Program at an estimated cost of \$73,580.00 in Community Development Funds.

4. Eligible improvements to Downtown Park (Youth Exposition Park) such as walks, landscaping, rest areas and parking facilities and cost participation in a Community Center will be carried out at a cost of \$5,000.00 in Community Development Funds for FY '77 Program. See Exhibit 'A' for location.

5. Demolition of vacant, dilapidated structures throughout the City will be carried out at a cost of \$10,610.00 in Community Development Funds for FY '77 Program.

The City of Cameron has prepared an environmental review record for the projects listed above.

This record may be examined and copies obtained at the City Hall, in the City of Cameron.

Name of Applicant: City of Cameron, Texas
Address: City Hall, P. O. Box 833, Cameron, Texas 76520
Chief Executive Officer: Lawrence P. Zoltz, Mayor
City Hall, P. O. Box 833, Cameron, Texas 76520

The City of Cameron, Texas, will undertake the projects described above with Block Grant funds from the U. S. Department of Housing and Urban Development (HUD), under Title I of the Housing and Community Development Act of 1974. The

City of Cameron is certifying to HUD that the City of Cameron and Lawrence P. Zoltz, in his official capacity as Mayor, consent to accept the jurisdiction of the Federal courts if action is brought to enforce responsibilities in relation to environmental reviews, decision making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the City of Cameron may use the Block Grant funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept any objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases:

- (a) That the certification was not in fact executed by the chief executive officer or other officer of applicant approved by HUD;
- (b) that applicant's environmental review record for the project indicates omission of a required decision, finding or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to HUD at 2001 Bryan Tower, 4th Floor, Dallas, Texas, 75201. Objections to the release of funds on bases other than those stated above will not be considered by HUD. No objection received after April 22, 1977 will be considered by HUD.

CARD OF THANKS
TO ALL PRESENT AND PAST PERSONNEL
of the COLONIAL NURSING HOME:
I want to thank you for the devoted and kind loving care bestowed upon my Mother during the years the Colonial was her home.
I am grateful to you for the happiness she enjoyed because of the pleasant affectionate attention accorded her. She loved you all.
As you continue to devotedly, patiently and cheerfully extend your kindness to others, may God bless you all.
Sincerely,
Guss Elley
